

Solar Vision 4BH

Technical specifications

Type of roadstud: Flush mounted
 4 Prismatic reflectors
 Micro controlled patented Dc-Dc converter technology
 Sunpower high quality solar cells
 Appropriate for mounting in elements, roads, harbours, docks and paths in places where get in contact with heavy traffic
 Rising from road surface: 7,0 mm
 Easy installation with optional housing
 Smart sleep mode to prevent discharge during coverage, storage & transport

Modes of operation

Always on or flashing

Led(s) configuration

Uni directional

Led colors: 

Electrical specifications

Rechargeable High temperature Lithium polymer 2850 mAh
 Autonomy Always On: 1400hr (single led)
 Autonomy Flash: 2800hr (single led)

Optical specifications

Led (s) quantity: 1
 Led type: 5mm
 White, Warm white, Amber, Red, Green & Blue
 Viewing angle: 90°
 Visibility: up to 1 Km

Mechanical specifications

Dimensions: 100 mm x 32 mm
 Weight: 225 gram
 Material housing: Sabic polycarbonate - Lexan
 Mechanical resistance: suitable for driving over

20T
